

# Corporate Partnership

## \$25,000 - \$125,000 Annually

AACUC's Corporate Partners have been an integral part in helping fund the operations and programming for AACUC. Corporate Partner contributions start at \$25,000 - \$125,000 annually for a 5-year commitment.

Our Corporate Partners have allowed the AACUC to provide programs and initiatives that include:

- Providing support for credit unions and credit union members that have been victims of Hurricane disasters (Lend a Hand).
- Providing Internship opportunities to over 400 college students from Historically Black Colleges in mainstream credit unions (Reaching Toward the Future Internship).
- Providing Professional Development opportunities via conferences, webinars, mentorships, and one-on-one coaching along with CUES CEO Scholarships.
- Providing over 500 teens in 7 different cities with Financial Education through our Financial Reality Fairs.
- Creating a platform to recognize 45 Credit Union Leaders inducted into AACUC's African American Credit Union Hall of Fame.
- Another strong advocacy voice to preserve credit unions and protect consumers.
